

RM-IP10

IP remote control panel for BRC cameras

Overview

Control of up to 112 BRC cameras via an IP network The RM-IP10 remote control panel gives you control of up to 112 BRC cameras over an IP network, or 7 cameras over a traditional VISCA-controlled network. Up to 5 remote control panels can share control of the system.

Easy to install control for BRC-H900, BRC-Z330 and BRC-Z700 cameras

The RM-IP10 is compatible with the BRC-H900 and BRC-Z330 cameras when they are fitted with the BRBK-IP10 option board, and the BRC-Z700 camera when it is fitted with the BRBK-IP7Z option board. Easy and economical installation and set-up saves you time and cost.

Features

- **Control of up to 112 BRC cameras via IP**

The RM-IP10 remote control panel gives you control of up to 112 BRC cameras over an IP network.
