

Installation

ProSAFE® 10 Gigabit Ethernet SFP+ Module

Model AXM762

Install Your Optical Module

The 10 Gigabit small form-factor pluggable (SFP+) module provides a full-duplex 10G bps each direction for Ethernet operation on NETGEAR managed switches.

The switch will automatically detect the AXM762, so you can simply plug it into an available module slot.

The module can be inserted or removed while the switch is operational.

AXM762

NETGEAR®

Installing an AXM762 Module

Insert the module firmly into the slot that supports the SFP+ interface. Make sure the optical cable you use is single mode LC to LC duplex cable.

Removing an AXM762 Module

Release the module latch by pulling down the handle bar across the module, and pull the module out of the module slot.

Technical Specifications	
Standards	IEEE 802.3ae 10GBase-LR
Wavelength	1310nm
Dimensions (HxWxD)	0.46" x 0.53" x 2.19" (11.9 mm x 13.7 mm x 55.7 mm)
Weight	19.2g
Operating Temperature	32 -158° F (0 - 70°C)
Storage Temperature	32 -185 °F (0 - 85°C)
Operative relative humidity	85% @ (25°C)
Operating Distance	2m - 10km for 9/125 um SMF
Connectors	LC for 9um/125um single mode cable
Power Consumption	<1.5w
MTBF	4,986,536 hr (569 years)
Safety Certification	UL 1950 CSA 22.2 No. 950
Environmental Compliance	RoHS

Regulatory Compliance

Statement of Conditions

In the interest of improving internal design, operational function, and/or reliability, NETGEAR reserves the right to change the product described in this document without notice. NETGEAR does not assume any liability that may accrue due to the use or application of the product(s) or circuit layout(s) described herein.

Certificate of Manufacture/Importer

It is hereby certified the NETGEAR model AXM762 has been suppressed in accordance with the condition set out in MBPT|Amtsbl|Vfg 243/1991 and vfg 46/1992. The operation of some equipment (for example, test transmitters) in accordance with regulation may, however, be subject to certain restrictions. Please refer to the note in the operating instructions. Federal Office for Telecommunications Approvals has been notified of the placing of this equipment on the market and has been granted the right to test the series for compliance with regulation.

Note: This device has been tested and found to comply with limits for a Class B digital device, pursuant to part 15 of FCC rules. These limits are designed to provide reasonable protection against harmful interference in a commercial installation.

Laser Safety Warning

This is a Class 1 laser product.

Warning: Because invisible laser radiation may be emitted from aperture of the port when no fiber cable is connected, avoid exposure to laser radiation and do not stare into the open aperture.

This symbol was placed in accordance with the European Union Directive 2002/96 on the Waste Electrical and Electronic Equipment (the WEEE Directive). If disposed of within the European Union, this product should be treated and recycled in accordance with the laws of your jurisdiction implementing the WEEE Directive.
