

# axessline

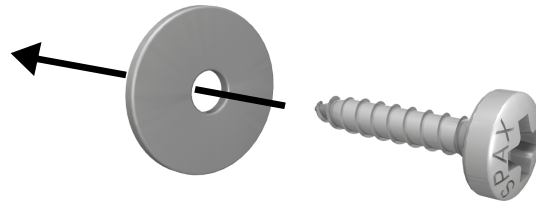

Axessline Wire Tray  
Cable tray L720 mm

User manual 3603000102/3603000109/3603000101

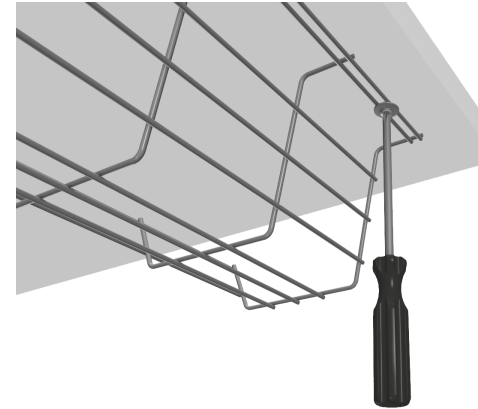

## CONTENT:

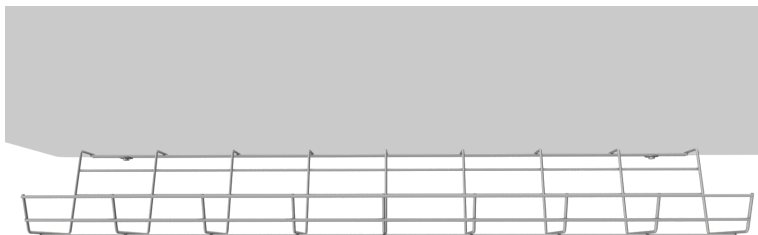

- 1** INSERT  
Take a washer and screw. Insert the wood screw into the hole and leave one assembly aside.

- 2** POSITION AND ATTACH  
Position the cable tray and attach to the table using one screw assembly at the time. Keep spacing symmetrical for best results.

- 3** READY TO USE  
Once all screws and washers are in position, the cable tray can be used as intended.

- 4** USAGE  
Place electrical equipment on top of the tray and organize as desired.
